Hunting and fishing license sales and federal excise taxes comprise over 90 percent of the TWRA's hunting and fishing operating revenues. Thank you for buying a hunting and fishing license. Without your support, Tennessee would not have fish and wildlife management programs.

This publication is not a legal document. It is a summary of Tennessee's waterfowl hunting regulations. More detailed information on waterfowl hunting is available from local wildlife officers and all TWRA offices.

Many TWRA programs receive Federal financial assistance in Sport Fish and/or Wildlife Restoration. Under Title VI of the 1964 Civil Rights Act, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior prohibits discrimination on the basis of race, color, national origin, age, sex, or disability. If you believe that you have been discriminated against in any program, activity, or facility as described above, or if you desire further information please write to: The Office for Human Resources, U.S. Fish and Wildlife Service, 4040 N. Fairfax Drive, Arlington, Virginia 22203.

SPECIAL REGULATIONS

HUNTING HOURS

Ducks, Geese, Gallinules, Rails, Coots - One-half hour before sunrise to sunset (except where otherwise noted).

PLUGGED SHOTGUNS

No person shall hunt migratory game birds with a shotgun of any description capable of holding more than three (3) shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three (3) shells.

LEGAL SHOT

All federally approved nontoxic shot (bismuth-tin, steel, tungsten-bronze, tungsten-iron, tungsten-matrix, tungsten-nickel-iron, tungsten-polymer or tungsten-tin-bismuth) are legal for waterfowl hunting.

Possession or use of any loose shot other than nontoxic shot or any shotgun shells other than nontoxic while hunting waterfowl, coots, gallinules, Virginia rails, and sora rails is prohibited.

SPECIAL CLOSING TIMES ON WMAS

Waterfowl hunting on all WMAs, including those listed below, closes at sunset on the last day of the duck season.

- During the waterfowl season, hunting on Camden Unit I, C. M. Gooch Units A and E, Cold Creek Refuge, John Tully, Old Hickory Unit I, Reelfoot, Tigrett, West Sandy and Wolf River closes at 3:00 p.m. (CST).
- Waterfowl hunting on White Oak closes at 1:00 p.m. (CST).
- All types of water traffic are prohibited after 2:00 p.m. (CST) on White Oak.

SPECIAL RESTRICTIONS ON WMAS

- From Nov. 21-26, all activities are prohibited on subimpoundments of Barkley Unit I, Big Sandy (including Gin Creek), Camden Unit I, Cheatham Lake, C. M. Gooch Units A and E, Old Hickory Unit I, West Sandy, and White Oak.
- From Nov. 29 - Dec. 3, all activities are prohibited on subimpoundments of Barkley Unit I, Big Sandy (including Gin Creek), Camden Unit I, Cheatham Lake, C. M. Gooch Units A and E, West Sandy, and White Oak.
- Barkley Unit 1 and Big Sandy (including Gin Creek) are closed on Tuesdays and Fridays except the first and last days of the duck season.
- Cheatham Lake and AEDC (including Woods Reservoir) are closed Monday, Tuesday and Friday except on the first and last days of the duck season.
- All activities are prohibited in the following

subimpoundments from 2 hours after the end of the waterfowl hunting hours until 4:00 a.m. the following day: Barkley Unit I, Big Sandy (including Gin Creek) Camden Units I & II, Cheatham Lake, C. M. Gooch Unit A, Old Hickory Unit I, Tigrett and West Sandy.

- No more than eight (8) adults, 16 years of age or older, are allowed at any draw blind site at any one time. No restriction on the number of youths 15 years of age or younger.
- Waterfowl hunting on Shelby Forest is open Monday, Wednesday and Saturday within the statewide duck season and the last 7 days of the statewide duck season, except Sunday. No permanent blinds. No decoys left overnight.
- No waterfowl hunters are allowed on Chickamauga Units from 2 hours after legal shooting hours have ended until 4:00 a.m. the following day.

MANDATORY HUNTER EDUCATION

All hunters born on or after Jan. 1, 1969, must possess proof that they have successfully completed a hunter education course. Those under 10 years of age do not need a Hunter Safety certificate, but must be accompanied by an adult at least 21 years of age who must remain in a position to take immediate control of the hunting device. Call your local TWRA office or visit the TWRA's website at www.tnwildlife.org for a listing of scheduled Hunter Safety classes. **NOTE: To replace a Hunter Education Card at a TWRA license agent location, first contact your TWRA Regional Office during normal business hours. Verify that your Hunter Safety number has been updated in the TWRA license system. Then you may go to a TWRA license agent and purchase a Type 500 (Hunter Education Card Replacement), for \$5.00.**

WHY BAND BIRDS?

Bird banding data are useful in both research and management. Individual identification of birds makes possible studies of the bird's dispersal and migration, behavior and social structure, life-span and survival rate, reproductive success and population growth.

An analysis of banding information from game birds is completed annually and is essential for developing hunting regulations and for detecting changes in waterfowl populations. Banding data can be used to assess the hunting pressure, estimate productivity and survival, and measure the vulnerability of the age/sex classes to hunting pressure.

There are bands used by professional bird banders in North America to accommodate every species of bird from the tiniest hummer to the largest Trumpeter Swan. Bands are made to last, but they do wear out eventually. However, even seemingly invisible numbers on very worn bands can be determined using etching. Hundreds of bands are etched and returned to hunters by the Bird Banding Laboratory every year.

FEDERAL REGULATIONS SUMMARY

In addition to state regulations, the following federal rules apply to taking, possession, shipping, transporting, and storing of migratory game birds. This is only a summary. Each hunter should also consult actual regulations, which may be found in Title 50, Code of Federal Regulations, Part 20.

Restrictions: No person shall take migratory game birds:

- With a trap, snare net, rifle, pistol, swivel gun, shotgun larger than 10-gauge, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive or stupefying substance.
- With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece filler which cannot be removed without disassembling the gun.
- From a sink box (a low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water).
- From or with the aid or use of a car or other motor-driven vehicle, or any aircraft, except that paraplegic and single or double amputees of the legs may take from any stationary motor vehicle. "Paraplegic" means an individual afflicted with paralysis of the lower half of the body with involvement of both legs, usually due to disease or injury to the spinal cord.
- From or by means of any motor boat or sail boat unless the motor has been completely shut off and/or the sail furled and its progress therefrom has ceased.
- By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.
- Using records or tapes of migratory bird sounds, or electronically amplified imitations of bird calls.
- By driving, rallying or chasing birds with any motorized conveyance or any sail boat to put them in the range of the hunters.
- By the aid of baiting (placing feed such as corn, wheat, salt or other feed to constitute a lure or enticement), or on or over any baited areas. Hunters should be aware that a baited area is considered to be baited for 10 days after the removal of the bait, and it is not necessary for the hunter to know an area is baited to be in violation.

CLOSED SEASON. No person shall take migratory game birds during the closed season.

SHOOTING or HAWKING HOURS. No person shall take migratory game birds except during the hours open to shooting and hawking as prescribed.

DAILY BAG LIMIT. No person shall possess more than one daily bag limit.

FIELD POSSESSION LIMIT. No person shall possess more than one daily bag limit while in the field or while returning from the field to one's car, hunting camp, home, etc.

WANTON WASTE. All migratory game birds killed or crippled shall be retrieved, if possible, and retained in the custody of the hunter in the field.

TAGGING. No person shall give, put or leave any migratory game birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information: The hunter's signature, address, the total number of birds involved by species and the dates such birds were killed. No person or business shall receive or have in custody any migratory game birds belonging to another person unless such birds are properly tagged.

POSSESSION of LIVE BIRDS. Wounded birds reduced to possession shall be immediately killed and included in the daily bag limit.

DRESSING. No person shall completely field dress any migratory game bird (except doves and band-tailed pigeons) and then transport the birds from the field. The head or one fully feathered wing must remain attached to all such birds while being transported from the field to one's home or to a migratory bird preservation facility.

SHIPMENT. No person shall ship migratory game birds unless the package is marked on the outside with: (a) the name and address of the person sending the birds, (b) the name and address of the person to whom the birds are being sent, and (c) the number of birds, by species, contained in the package.

IMPORTATION. For information regarding the importation of migratory birds killed in another country, hunters should consult 50 CFR 20.61 through 20.66. One fully feathered wing must remain attached to all migratory game birds being transported between a port of entry and one's home or to a migratory bird preservation facility. No person shall import migratory game birds killed in any foreign country, except Canada, unless such birds are dressed (except as required above), drawn and the head and feet are removed. No person shall import migratory game birds belonging to another person.

MIGRATORY BIRD HUNTING and CONSERVATION STAMP. The law requires that each waterfowl hunter 16 years of age and over must carry on his or her person a valid Migratory Bird Hunting and Conservation Stamp (duck stamp) signed in ink across the face.

DUAL VIOLATION. Violation of state migratory bird regulations is also a violation of federal regulations.

CAUTION. More restrictive regulations may apply to National Wildlife Refuges open to public hunting. For additional information on federal regulations, contact Special Agent-in-Charge, U.S. Fish and Wildlife Service, RM 132-C, U.S. Courthouse, 801 Broadway, Nashville, TN 37203. WMA DUCK BLIND RULES

The complete rule governing duck blinds on state WMAs can be found at the following web address:

www.state.tn.us/sos/rules/1660/1660-01/1660-01-02

CHANGES MADE TO WMA DUCK BLIND RULES IN 2002 AND 2004

The following regulations apply only to Woods Reservoir of A.E.D.C., Barkley Units I and II, Cheatham Lake, Old Hickory Units I and II, Camden Units I and II, Big Sandy, Cordell Hull, Gooch Unit A, Harmon's Creek, Haynes Bottom, Reelfoot, Tigrett, and West Sandy Wildlife Management Areas, except for portions of Barkley and Cheatham Lake Wildlife Management Areas as noted in Paragraph (3) of these Rules and Regulations.

- (a) For the purpose of this rule the following definitions apply:
 1. A permanent draw blind site is a waterfowl hunting blind location established by the Tennessee Wildlife Resources Agency and assigned annually by a random drawing as provided in Paragraph (3) of Rule 1660-1-8-.05.
 2. A temporary blind is either a structure assembled or placed for one day of waterfowl hunting; a boat that is used for one day of waterfowl hunting; or, a site consisting of the use of natural vegetation or conditions for concealment for one day of waterfowl hunting.
 3. A permanent registered blind site is a waterfowl hunting blind location registered to a specific individual on Reelfoot or West Sandy identified with geographic coordinates. These sites may not be relocated or transferred to another individual. It is the intent that over time all permanent registered blind sites will be converted to permanent draw blind sites or temporary blind sites.
 4. A permanent blind is either a permanent registered blind, a permanent draw blind, or a permanent public blind site.
 5. A subimpoundment is the water managed by the Tennessee Wildlife Resources Agency or its management partner in association with waterfowl hunting and habitat management.
- (b) No waterfowl hunting on Barkley Unit I, Camden Unit I, Cheatham Lake, Cordell Hull, Gooch Unit A, Haynes Bottom, Old Hickory Units I and II, and Woods Reservoir of A.E.D.C. Wildlife Management Areas during the late waterfowl seasons, except from fixed (floating or post type) blinds registered with the Tennessee Wildlife Resources Agency except as provided for in proclamation and as exempted in subparagraphs (h), (i), and (l) below. Permanent draw blinds and temporary blinds must be within five (5) feet of designated stakes. Designated stakes may not be moved without approval of the area manager.
- (c) All permanent draw blind construction must be completed by the fourth Monday in October. To be considered completed an adequate framed structure with minimum dimensions of 4 feet wide, 4 feet high and 8 feet long not to exceed 30 feet in length and not to exceed 300 total square feet with walls consisting of netting wire, or solid material to which camouflage can be attached must be in place. All camouflage must be completed by opening day of waterfowl season. Pits may be constructed on sites as designated. Any blinds not meeting these requirements will be canceled. If adverse environmental conditions prevent the construction and/or placement of a blind at the site by the deadline, as determined by the TWRA, the area manager may grant an extension. The area manager must receive a written request for an extension from the primary blind permittee, prior to the fourth Monday in October. Should these adverse environmental conditions persist and completely prevent the construction and/or placement of a blind on the site, as verified by the area manager, the primary blind permittee shall not be denied the opportunity to participate in the drawing the following year. Blinds rendered unusable or destroyed may be repaired or replaced at the discretion of the area manager.
- (d) No more than eight individuals age sixteen (16) or older may occupy a permanent draw blind at any time. This restriction shall include those permanent draw blind sites that may become temporary blind sites as a result of those blinds not being chosen at the blind allocation drawing or canceled by the Tennessee Wildlife Resources Agency. (NOTE: No restriction on the number of youths 15 years of age or younger.)
- (e) The permittee, who is the person to whom the Agency issued the permit, must occupy his/her blind by the legal daily opening shooting time on days he/she wishes to hunt, and if the blind is unoccupied at that time by the permittee, the first person or party occupying said blind shall be entitled to the privilege of its exclusive and uninterrupted use until the end of the shooting hours of that day. Exclusive and uninterrupted use entitles the person or party to the right to exclude all others from the blind, at the person's or party's option, except for law enforcement personnel engaged in the performance of their duties. The permittee has priority use (exclusive and uninterrupted use) only if he/she is at the blind on or before the legal daily opening shooting time, regardless of whether or not the blind is occupied by another person or party, provided the permittee produces identification and his/her blind permit.
- (f) All blinds must be removed from the reservoir and government property by May 1 of the following year. Any blind not removed will become the property of the Tennessee Wildlife Resources Agency for future use and/or destruction.

- (g) If any waterfowl blind permittee violates any of the Rules and Regulations contained herein, he/she is subject to have his/her blind permit canceled in addition to the penalty prescribed by law.
- (h) Hunting will be permitted from permanent draw blinds and temporary blinds on Camden Unit II, Big Sandy (including Gin Creek Unit), Cordell Hull, Harmon's Creek, Tigrett, and West Sandy in accordance with statewide rules and regulations. Any temporary blinds or hides and decoys must be at least 200 yards from any permanent blind and must be removed from the area at the end of shooting each day. All permanent blinds must be within 5 feet of designated stakes.
- (i) Hunting will be permitted from permanent draw blinds and staked positions for temporary blinds on Old Hickory Unit I and Unit II. Hunting from temporary blinds is on a first-come, first-serve basis. Any temporary blinds constructed on staked positions and decoys must be removed from the area at the end of shooting hours each day.
- (j) Trespassing or disturbance is prohibited in posted areas during the waterfowl season.
- (k) Public access will be prohibited in the subimpoundments of Barkley Unit I, Cheatham Lake, Haynes Bottom, Old Hickory Units I and II, Camden Units I and II, Big Sandy, Gooch Unit A, Tigrett, and West Sandy from two hours after legal shooting hours have ended until four a.m. the following day during the late duck season(s).
- (l) Blinds not chosen at the blind allocation drawing or canceled by Tennessee Wildlife Resources Agency will become temporary blind sites for the year of the drawing.

The following regulations apply to the Wildlife Management Area, as indicated: (a) A.E.D.C. (Except Woods Reservoir), Anderson Tully, Barkley Unit II, Cottonport, Yellow Creek, Long Island, Lick Creek, New Hope, Percy Priest Unit II, Candies Creek, Roger's Creek, Johnson Bottoms, Mark's Creek Unit of Cheatham Reservoir, and areas as specified under proclamation of Cheatham Reservoir, White Oak, that area of Barkley Reservoir as specified under annual proclamation, that portion of Old Hickory Unit III, from Mile No. 268 upstream to the abandoned Lock and Dam site No. 6 at approximately Mile No. 281, Ernest Rice, Sr., Obion River, Moss Island, Gooch Units B, C, and E, Shelby Forest, and Wolf River.

1. No permanent blinds allowed.
 2. Decoys must be picked up each day.
 3. Temporary blinds must be built the day of the hunt and hunters using temporary blinds must remove or destroy such blinds at the end of the day's hunt.
- (b) Reserved
 - (c) **Reelfoot Wildlife Management Area**
 4. A permanent registered blind site holder may annually designate other individuals who may for that season be permitted priority use of their permanent blind sites. These persons, hereinafter referred to as sign-ons, must be identified at the time of the blind site registration and must sign on in person or the registrant may present notarized signatures proving the identity of his sign-ons. Sign-ons to permanent registered blind sites which are registered through certified mail, must join in the execution of the affidavit described in Paragraph No. 2.
 - (d) **West Sandy Wildlife Management Area**
 - (i) A permanent blind is a framed structure of a minimum of 4 feet wide, 4 feet high and 8 feet long not to exceed 30 feet in length and not to exceed 300 square feet with walls consisting of netting wire or solid material to which camouflage is or may be attached that is constructed on or moved to either a permanent registered blind site or a permanent draw blind site.
 5. A permanent registered blind site holder may annually designate other individuals who may for that season be permitted priority use of their permanent blind sites. These persons, hereinafter referred to as sign-ons must be identified at the time of the blind registration
 8. The permittee, who is the person to whom the Agency issued the permit, must occupy his/her blind by the legal daily opening shooting time on days he/she wishes to hunt, and if the blind is unoccupied at that time by the permittee, the first person or party occupying said blind shall be entitled to the privilege of its exclusive and uninterrupted use until the end of the shooting hours of that day. Exclusive and uninterrupted use entitles the person or party to the right to exclude all others from the blind, at the person's or party's option, except for law enforcement personnel engaged in the performance of their duties. The permittee has priority use (exclusive and uninterrupted use) only if he/she is at the blind on or before the legal daily opening shooting time, regardless of whether or not the blind is occupied by another person or party, provided the permittee produces identification and his/her blind permit.
 9. Neither permanent registered blind site holders nor their sign-ons may compete for nor may they be registered or signed on any other Tennessee Wildlife Resources Agency blind site in the state.

DON'T SHOOT UNLESS YOU'RE SURE!

Many protected species of waterfowl, wading birds, and other waterbirds occur alongside the many species of waterfowl that can be legally hunted in Tennessee. These species are protected by both State and Federal law, and cannot be legally hunted anywhere in the state. Some protected species utilize the same habitats, possess similar coloration, and share the habits of many le-

gally hunted birds.

Through careful study, accidental shootings of protected species can be prevented. Please help the Tennessee Wildlife Resources Agency prevent accidental shootings by familiarizing yourself with these protected species before heading into the field and remember, "Don't Shoot Unless You're Sure."

The **Trumpeter** and **Tundra Swans** are the largest and the only native, all white waterfowl occurring in Tennessee. **Both species are protected by both State and Federal law in Tennessee and cannot be hunted.** Until last year, John James Audubon had reported the last live Trumpeter Swans in Tennessee during his 1820 flatboat trip down the Mississippi River. As a result of intensive reintroduction efforts in the eastern United States, Trum-

peter Swans returned to Tennessee in December of 2001 in Lauderdale County. Reintroduction of Trumpeter Swans is a cooperative effort between State, Federal, and non-governmental organizations including sportsmen and nonconsumptive user groups. If you see a Trumpeter Swan in Tennessee, please report it to the appropriate TWRA Regional Office.

Historically, populations of both the **Sandhill** and **Whooping Cranes** in the eastern United States experienced widespread population declines. These declines resulted from the loss of wetland habitat and unregulated market hunting. **Both are protected by State and Federal law and cannot be legally hunted in Tennessee.** The Sandhill Crane has experienced a tremendous recovery in recent years and migratory populations crossing through Tennessee are steadily increasing. Today, the Sandhill Crane is common in portions of western and eastern Tennessee.

*Illustration compliments of
US Fish & Wildlife*

A flock of Whooping Cranes migrating across Tennessee in October 2001 became the first migratory flock of that species in the state in over 100 years. An effort to reintroduce a migratory flock of Whooping Cranes to the eastern United States includes Tennessee as a vital part of the migratory journey. An ultralight aircraft serving as a surrogate parent to the Whooping Crane juveniles is teaching them the long-forgotten migratory route through Tennessee to wintering grounds in Florida. Additional Whooping Cranes will be led by aircraft in 2002 and several free-ranging Whoopers can also be expected in the state from October – April.
